

## Strengths and weaknesses

Dear Pony,

I am very bad at Chinese and Maths. My exam scores are bad, but my English is good – I mean, very good. I love English. Sometimes I get bored in class so I look out the window. I usually watch YouTube to learn new things and I think it is the best way for me. I like watching English videos most.

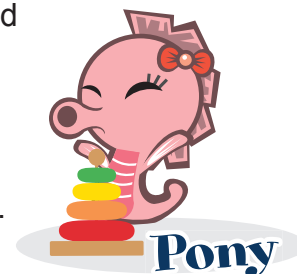

Alicia

C&MA Sun Kei Primary School  
(Ping Shek)

Dear Alicia,

I am glad that you get good marks in English, but try not to brag, especially since you have bad marks elsewhere. What part of Chinese stumps you? What about Maths? You can talk to your English teacher if you feel bored in class. I am sure even your English can improve so do not be too proud to ask for help or proofreading from your teacher.

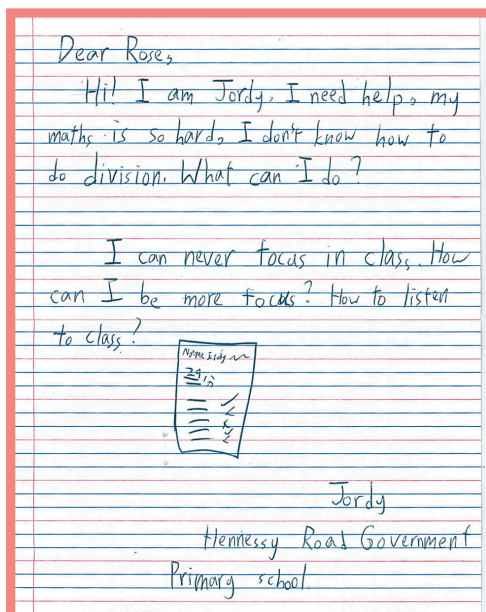

## Maths trouble

Dear Rose,

I need help; Maths is so hard for me. I do not know how to do division. What can I do? I can never focus in class. How can I be more focused? How do I listen in class?

Jordy

Hennessy Road Government  
Primary School

Dear Jordy,

Maths can be tricky, but as long as you understand the basic concept, it can all be learnt. As for trying to stay focused, get rid of anything that can distract you, and avoid daydreaming. Some people have to go to the doctor because they have a disorder that makes them unable to focus, but hopefully it is just your nerves from growing up.

If your letter is picked to be printed in Goodies, you will receive a note from us within five weeks of mailing. Check your mailbox! We look forward to receiving your letters!

## How to get started with Ting

1. To switch on your Ting pen, press this button for two seconds. You will hear a tune when the pen comes on.

2. On the front page, touch this icon seen to the left with the tip of your pen.

3. You will hear 'Please connect to your computer' and once you connect the pen to your PC, the program will be downloaded and you are ready to listen to the Cover Feature with your pen.

That's all! Your Ting pen is now ready to use.
